# DIRECTORS' REPORT.

JANUARY 1, 1870, 5630.

---

THE DIRECTORS of THE MOUNT SINAI HOSPITAL submit to its Members their Report for the year 1869.

By reference to the Report of the Executive Committee, it will be perceived that during the year 1869 there were 725 applications for admission to the Hospital.

Of which number were admitted .....	613
Born in Hospital .....	8
Remaining January 1, 1869 .....	63
	——684
Of these discharged cured .....	510
“ “ improved .....	71
“ “ not improved .....	7
“ left before treatment .....	3
“ died .....	47
Remaining January 1, 1870 .....	46
	——684

There were also treated as out-door patients, 906.

The causes of death are fully set forth in the Report of the House Surgeon ; also, some interesting surgical and medical cases treated in the Hospital.

It will be observed by reference to the Report of the Finance Committee, the amount received during the year by voluntary

donations was \$1,192.60, and from the charitable fund of the State of New York, \$4,394. The Directors gratefully acknowledge the receipt of a legacy bequeathed to the Institution by the late Jacob J. Moses, Esq., of \$100, and also by the late Leon Phillips, Esq., of \$47.

The Directors, in their last annual Report, announced to the Members that they had obtained a lease of land from the City, on Lexington Avenue, for the purpose of erecting thereon a new Hospital, provided it was commenced within one year. In order to conform to the terms of the lease, it was necessary to devise means to raise the funds required to commence the building: many gentlemen of the Hebrew faith were invited to co-operate with the Directors for that purpose, and it is gratifying to state that, through their exertions subscriptions amounting to sixty-five thousand dollars have been obtained, and work has been commenced by excavating the ground; and the Directors contemplate laying the corner-stone early the ensuing spring. The plans and specifications have been prepared by Messrs. Griffith, Thomas & Son.

In behalf of the Hospital, the directors avail themselves on this occasion to acknowledge with gratitude the indefatigable exertions of the acting Members of the Committee.

The Directors appeal to their co-religionists to help them in their efforts to obtain the money requisite for the erection of the Hospital. Let them consider that they do not give to benefit any individual or congregation, but remember that their subscriptions, small or large, is helping to afford an asylum for the sick and maimed, and, when in their last moments, kindness smooths their pillows, and religion consoles them in their path to the grave.

The Directors take this method to mention the liberal dona-

tions made by our Christian friends, and to assure them that our benevolence will always continue, to be influenced by the broadest principles of humanity.

During the past year the Directors have been called upon to mourn the death of their late colleague and Treasurer of the Society, Jos. Fatman, Esq., for many years identified with the Hospital: charity prompted and distinguished all his actions; and his wise councils, and enlarged sympathy in behalf of suffering humanity, endeared him to those who were associated with him; and, in the language of Scripture, we may truly say "he dispensed, he gave liberally to the needy, his righteousness endureth for ever."

The Directors regret the resignation, in consequence of absence from the City, and other engagements, of Messrs. S. L. Cohen, Jonas Heller, and J. Hermann, true and faithful in the discharge of their duties, zealous for the interest of the Hospital; they carry with them in their retirement the grateful acknowledgment of the Board.

Rev. Drs. Lyons, Adler, Isaacs, Einhorn, Hubsch, Mielziner, Goodheim, Sonneschein, and Vidaver, continue to pay periodical visits to the Hospital, administering consolation to the sick.

The Medical and Surgical Staff give general satisfaction. Great praise is due to them for their valuable services gratuitously rendered.

The House Physician and Surgeon, Dr. Teller, continues to discharge his duties with ability and satisfaction.

The Superintendent, Mr. Schwarzbaum, merits and receives the approbation of the Directors, for his fidelity and devotion to the interests of the Hospital.

The Directors, in conclusion, submit their Annual Report, and trust the liberality of the Members and Patrons will enable them to extend the usefulness of the Hospital.

All of which is respectfully submitted.

BENJAMIN NATHAN, .....	<i>President,</i>

## REPORT OF THE FINANCE COMMITTEE.

---

The Finance Committee respectfully report to the Directors that the total receipts from all sources, during the past year, was .....\$17,158.72  
which, with amount on hand Jan. 1, '69, 1,011.83  
and amount due Treasurer, Dec. 31, '69, 1,314.86  
—————\$19,485.41  
The disbursements..... 19,485.41

The Committee refer to the annexed statement, and to the Report of the Executive Committee, for a detailed statement of the receipts and disbursements under their specific classes.

Your Committee deem it unnecessary to refer to the benefits to be derived from, and the desirability of being able to complete the new building as early as possible—this matter being fully set forth in the Report of the other Committees.

All of which is respectfully submitted.

BENJ. NATHAN,	} <i>Finance Committee.</i>

# REPORT OF THE EXECUTIVE COMMITTEE

## FOR 1869.

---

In compliance with their duty, the Executive Committee have the honor to present to the President and Directors of the Mount Sinai Hospital their Annual Report.

The Hospital has completed its 15th year, and a survey of its operations during this period gives evidence of its unremitting usefulness, and cannot fail to produce sentiments of unfeigned gratitude to God, under whose providence the benevolent objects of this Institution have been so successful.

No change has been made in the internal management during the past year, and the usual routine of hospital life has not been marked by any incidents deserving special mention. Your Committee, nevertheless, feel themselves called upon once again to enter upon a minute narration of the surrounding events; they believe that statistics tend to demonstrate the benevolent character of the Hospital, and are best calculated to excite sympathy in its behalf.

The detailed working of the Hospital during the year presents the following results:

At the 53 meetings held by your Committee 725 applications

were entertained, of which number 621 patients were admitted, being seven in excess of the previous year.

The average number daily treated was  $48\frac{1}{3}$ .

The number of consumptive cases for the year, 46.

The average of deaths,  $6\frac{4}{5}$  per cent.

The number of patients in the Hospital on Dec. 31, '68, was 63

Admitted during the year, .....	621
	——684

Of this number, there have been cured .....	510
---	-----

“ relieved .....	71
------------------	----

“ discharged as disorderly ..	3
-------------------------------	---

“ quitted without leave ..	7
----------------------------	---

“ died .....	47
--------------	----

Remaining in Hospital, Dec. 31, '69 .....	46
	——684

The number of out-door patients who have received ad- vice and medicine gratuitously .....	906
	——

Making a grand total of	1590
-------------------------	------

69 accident cases resulted from the undermentioned sources.

Railroads .....	15
-----------------	----

Falling from buildings .....	16
------------------------------	----

Burns and scalds .....	4
------------------------	---

Run over by vehicles .....	5
----------------------------	---

Suicides ..	2
-------------	---

Stab and gun wounds .....	6
---------------------------	---

Other causes .....	20
	——69

Of this number 12 deaths were subject to Coroners' inquests.  
The number of deaths from other causes was 35.

Of the total number of deaths 15 were surgical and 32 medical cases.

The Contributory Members at present enrolled is 2,209.

Your Committee gratefully commend the valuable and gratuitous services of the Medical Staff and Consulting Surgeons—their eminent professional judgment and skill continue to be faithfully and zealously devoted to the interest of the Hospital.

To Doctor Teller, the House Surgeon, and Mr. Schwartzbaum, the Superintendent, your Committee would tender their expressions of approval, for the trustworthiness they evinced in the discharge of their respective duties; and to the Reverend Clergy they extend their warmest acknowledgments for their cheering visits and comforting words to the sick. To Mr. Julius J. Lyons, their efficient Secretary, the Committee desire to convey their high sense of esteem, for the zeal and ability with which he has discharged the duties entrusted to his care.

Although the number of patients during the year is in excess of that mentioned in the last Report, the expenses have been less: this gratifying result is attributable to the kind assistance of the Ladies' Auxiliary Society. The loving sympathy and indefatigable exertions of its Lady President, Mrs. Henry Leo, and Visiting Committee, their works of benevolence and their united endeavors to mitigate the sorrows of the afflicted, are fully appreciated, and hereby acknowledged.

A response to the call made last year for reading matter, wherewith to while away the weary hours of the sick and convalescent, has been made by Mr. F. Adler, to whom your Committee is particularly indebted: by this kind act, the collection of books has received an accession of many useful volumes.

Your Committee have been gratified by the receipt of the following donations during the year, viz., from—

Mr. Heyman.....	Three Stretchers.
Anonymous.....	Clothes.
Mrs. Z. Bernstein.....	Dozen Socks.
Trustees Temple "Emanuel".	Furnace.
B. & P. Lawrence.....	Stationery.
Mrs. Tobias, 4th Street....	Clothing.
Mrs. Bernstein.....	Four doz. pairs Slippers.
Miss Frances Nathan.....	Ice Cream.
Miss Madeline Nathan.....	do.
F. Adler, Esq.....	Sundry Books.

For which due acknowledgment has been made by the Secretary to the respective donors.

The Mount Sinai Hospital continues, as from its commencement, to act on the broad basis of universal charity. No fellow-man needing relief is excluded because of a difference of creed or nationality. Your Committee are pleased to learn that of the many who have benefitted from the gratuitous services of the Hospital during the past year, either as indoor or outdoor patients, a number were not of the Hebrew faith—their wounds have been healed, their sufferings relieved, and all their wants gratified, thus affording the most practical illustration of the great teaching, "Love thy neighbor as thyself."

Sickness, the frequent precursor of death, and almost as inexorable, seizes for its victims the high and the low, the rich and the poor, the old and the young; but while prosperity may alleviate the sufferings of the rich, poverty will but increase the pain of the poor. Where, then, are the afflicted and destitute to look for assistance? Only to the Hospital, which in its turn seeks support from those specially blessed with God's

choicest gifts, and whose hearts, full of sympathy and love, will not be unmoved when appealed to for aid, to continue in the glorious work of restoring to health, and their proper sphere of usefulness in the world, all those who seek relief at the Mount Sinai Hospital.

New York, Dec. 31, 1869.

Respectfully submitted,

E. B. HART,	} <i>Executive Committee.</i>

# FIFTEENTH ANNUAL REPORT

OF THE

## House Physician and Surgeon

OF THE

## MOUNT SINAI HOSPITAL,

1869—5629—30.

*To the President and Board of Directors of Mount Sinai  
Hospital :*

GENTLEMEN :—The undersigned House Physician and Surgeon has the honor to transmit the following report for the year 1869—5629—30 :

The whole number of applications was 725, out of which there were—

Admitted . . . . .	Males, 403	Females, 210	Total, 613
Children born . . . .	“ 2	“ 6	“ 8
Rem'g Dec. 31, '68	“ 40	“ 23	“ 63
<hr/>			
Total. . . . .	“ 445	“ 239	“ 684
Out-door patients.	“ 539	“ 367	“ 906
<hr/>			
Grand Total ..	“ 984	“ 606	“ 1,590

Of the patients treated in the Hospital there were—

Discharged cured . . . . .	510
“ improved . . . . .	71
“ not improved . . . . .	7
Left before treatment commenced . . . . .	3
<hr/>	
Total . . . . .	591

Died.....	47
Remaining Dec. 31, 1869.....	46

Of the applicants for admission, 91 were visited before admitting them, and 130 out-door patients were treated at their residence.

69 patients, accidentally injured, were admitted during the year.

The largest number of patients in the house at any one time during the year was 66; the smallest, 35.

The average number of patients,  $48\frac{1}{3}$ . Of the patients admitted, 25 were pay patients.

The average time of residence in the Hospital was 10 days.

The number of deaths was 47, making  $6\frac{4}{5}$  per cent. of those treated, and after deducting patients admitted in a dying condition (12), and suffering from incurable diseases (81), the proportion of deaths amounts to  $1\frac{1}{100}$  per cent.

The stock of medicines was augmented with 6 new preparations; 10 new surgical instruments were purchased, and 45 books added to the Hospital Library.

The number of consultations was 27, and 252 operations were performed, 35 of which were capital operations.

The whole number of prescriptions was 12,620, at a cost of  $7\frac{1}{12}$  cents for a single prescription.

By looking over the tabula of refused, you will find 27 cases of typhoid fever and 14 of other infectious diseases: the best proof, how much it is needed to set apart a separate room to accommodate cases of this class.

All of which is respectfully submitted,

DR. S. TELLER,  
*House Physician and Surgeon.*
